Potentate's Message

Nobles and Ladies,

Thanks in advance for your support of AAD Shrine in 2015. Many of you have already indicated to me a willingness to assist with Shrine events and anything else where a hand is needed. If you do not already belong to a club or unit, look over the list in this publication or, with a few others, start one that peaks your interest. A picture of my pin appears in this issue and may need some explanation. The picture is the Vitruvian Man drawn by Leonardo da Vinci around 1500. The first documented drawing was by Vitruvius, a Roman architect in the first century B.C., but the concept goes back much further. The concept is that of the Philosopher's Stone – a symbol that represents the final outcome of man's inner transformation. The Vitruvian Man is a symbol of the ideal man. A man's ideal height and outstretched hands, the naval being the center, circumscribes a circle – the symbol of the spiritual. When this circle is squared, the four sides touching the top of the head, the soles of the feet, and the tips of the outstretched fingers – the square being the symbol of earth or the material. This symbol can be interpreted as the connection between the spiritual and the material.

As Shriners we are all Master Masons which we should not forget. As Master Masons (Shriners) we believe in God the Supreme Architect of the Universe. We also believe there is something beyond our lives here on earth. We are taught to improve ourselves to become better men. One of the ways we learn is through symbols such as the Vitruvian Man.

What better way to improve ourselves than to have fun working to support our philanthropy, Shriners Hospitals, to improve the lives of children.

Have fun - Help kids - Have fun helping kids.

STATED MEETINGS

At the Annual Meeting on January 13, 2015, it was suggested that Stated Meetings should be more frequent to, among other things, shorten the time period when a Mason petitions for and is voted to membership. For some time we have had quarterly Stated Meetings, the Imperial minimum. We will be going to 6 Stated Meetings a year. The remainder of 2015 meetings are as follows:

March 10

May 12

July 14

September 8

December 8

Burn Awareness Week

February 1-7, 2015

Burn Awareness Week is February 1-7, 2015, and the *American Burn Association* is focusing on scald prevention this year. Scald injuries are the most common injury in children under the age of two. This demonstrates that the need for burn education is still out there.

Here are some tips to prevent burn injuries:

- Keep hot food and liquids away from the edges of counters and tables
- Do not use deep fryers around young children
- Set the water heater temperature to 120 F

If you would like to be a part of Burn Awareness Week and spread the word in your community, Temples are encouraged to contact the Professional Relations office at 513-872-6391 to order Burn Safety magnets. Shriners Hospitals for Children® – Cincinnati created and produced a magnet that lists **Burn Safety Tips** and the hospital's phone numbers to call in case of a burn injury. Several other burn awareness materials are available to order from Shriners Village. These materials feature the always kid-friendly Boots and Brewster characters, sharing their important safety messages that the entire family can use.

Shriners Play a Big Role in Referrals

When it comes to finding medical help for children, Shriners are now more important than ever. Members of the fraternity have always played a critical role in helping families in their communities get connected with Shriners Hospitals for Children – Cincinnati, and now it has become even easier with a website and referral cards.

Website

Shriners Hospitals for Children – Cincinnati continues to make referring a patient and obtaining an appointment for care easier than ever through the www.shrinershospitalcincinnati.org website. Every page has a **Schedule an Appointment** and a **Contact Us** feature; both are easy forms that families can complete and submit online directly to the hospital. Other methods to contact the hospital and make appointments are also readily available. This website showcases our pediatric plastic surgery specialties and rehabilitation services, as well as our burn care expertise.

Referral Cards

The referral cards are also a great resource that Nobles can provide families. These cards allow the families easy access to hospital information and services. The cards provide hospital contact information to assist families in scheduling appointments. On the back of each card is space for the Shriner's name and Temple.

With your kind help, let's get out there and teach our children to **BE BURN AWARE!**
